Tech Arts Training Program

Saturday Course

18 weeks/ 126 class instructional hours 3 individual instructional hours per student

updated 6-12-15 pf

Occupational Areas: (15-1132.00) Software Developers, Applications, (27-1014.00) Multimedia Artists and Animators

Certification: Alison Certified Learning: Diploma in Multimedia Development https://alison.com/courses/Diploma-in-Multimedia-Development

Course Description: This course will provide students an opportunity to earn a diploma in Multimedia Development and create four media projects for their portfolios. Students will learn the production techniques needed to create professional-looking videos, visual effects, motion graphics and animations and work with key multimedia tools including Adobe Photoshop, Windows Movie Maker, Adobe Premiere, Adobe Flash, Audacity, Adobe Audition and Adobe After Effects.

In addition to the production skills (above), students will gain experience in pre-production (brainstorming, writing, story boarding) and post production (sound and image editing, optimizing for the web and cross-platform deployment). Students will also interview for their desired positions on the media crew, comply with schedules and deadlines and learn valuable teamwork and organizational skills.

Course Outcomes: Students will graduate from this course with a Diploma in Multimedia Development and four multimedia projects in their portfolios. (Three of these are collaborative projects in which the student serves as a member of the production team and one is an individual project in which the student is responsible for all aspects of production - from storyboarding to post production - and has complete creative control over the final product.)

Requirements: To obtain the *Diploma in Multimedia Development*, students must complete all modules and score 80% or more in each of the course assessments. Good class attendance and participation in scheduled, individual troubleshooting sessions with instructor are critical to successful completion of this course.

Week	Date	Activity	Resources	Hours	Comments
1	8-29-15	Introductions, Class Overview	Pilot project What is Code?		Discussion/ Presentation
		Review of Diploma Coursework	Diploma in Multimedia Development		Review
		Crew Interviews			Discussion
		Brainstorming and Story Board Composition			Instruction
		Story Board Exercises	Online Storyboarding		Class Exercise
		Student Life Lessons: Writing and Story Boarding		2.5	Production
		Software Overview: Adobe Flash			Presentation
		Software Overview: Director MX			Presentation
2	9-5-15	Crew Assignments			
		Traditional Image Composition			Instruction
		Digital Image Editing Concepts			Instruction
		Adobe Photoshop Overview			Presentation
		Adobe Photoshop Exercise	Photoshop Graphics Editing	1.5	Online Exercise
		Introduction: Audio Concepts, Recording, Interviewing Techniques			Presentation
		Senior Interviews (3 Senior Subjects):			Guest Presenter
		Senior Life Lessons: Audio Recording (Crew Member)		(3)	Production
		Student Life Lessons: Audio Recording		1	Production
3	9-12-15	Senior Subjects Overview/ Treatments			Instruction
		Senior Life Lessons: Story Boarding (Crew Member)		(2.5)	Production
		Others: Continue Previous Production Work			Production
		Introduce Timeline Concept/ Brainstorming Timelines	Amado's Timeline		Instruction
		Senior Life Lessons: Timeline Creation (Crew Member)		(3)	Production
		Student Life Lessons: Timeline Creation		3	Production
		Continue Previous Production Work			Production/ Individual Instruction
4	9-19-15	Introduction: Central Image Composition	<u>Helen's Portrait</u>		Instruction
		Senior Life Lessons: Central Image Composition (Crew Member)		(3)	Production
		Student Life Lessons: Central Image Creation		3	Production
		Continue Previous Production Work			Production/ Individual Instruction
		Introduction: Interactive Applications			Instruction

		Adobe Flash Overview			Presentation
		Adobe Flash Exercise	Create Interactive Quiz Questions (Module 1 & 2)	2.0	Online Exercise
	-	Plan Senior Lesson interactivity/ Templates Senior Life Lessons: Plan Interactivity (Crew Member)		(2)	Instruction Production
		Student Life Lessons: Plan Interactivity (Crew Member) Student Life Lessons: Plan Interactivity		2	Production
		Continue Previous Production Work			Production/ Individual Instruction
5	9-26-15	Introduction: Creating Interactivity			Instruction
		Adobe Flash and Director MX: Creating Interactivity	Compare: Interactivity <u>Scripting with Lingo</u> and ActionScript	2	Online Exercise
		Senior Life Lessons: Develop Interactivity (Crew Member)		(3)	Production
		Student Life Lessons: Develop Interactivity		3	Production
		Continue Previous Production Work			Production/ Individual Instruction
6	10-3-15	Introduction: Audio Editing			Instruction
		Audacity and Adobe Audition	Audio Editing	1.5	Online Exercise
		Senior Life Lessons: Audio Editing (Crew Member)		(3)	Production Production
		Student Life Lessons: Audio Editing Continue Previous Production Work		3	Production Produ
7	10-10-15	Introduction: Planning Animation (storyboard/ slideshow demo)			Instruction
	10 10 15	Senior Life Lessons: Planning Animation (Crew Member)		1	Production
		Student Life Lessons: Planning Animation		1	Production
		Continue Previous Production Work			Production/ Individual Instruction
		Director MX	Animating in Director (brief overview)	1	Online Exercise
		Adobe After Effects	After Effects: Puppet Animation in After Effects	3	Online Exercise
		Adobe Flash	Animating bitmap graphics with ActionScript3 Starling	3	Online Exercise
		Senior Life Lessons: Creating Animation (Crew Member)		(1)	Production (intro)
	+	Student Life Lessons: Creating Animation		1	Production (intro)
	10-17-15	Continue Previous Production Work Senior Life Lessons: Continue Animation (Crew Member)		(4.5)	Production/ Individual Instruction Production
8	10-17-13	Student Life Lessons: Continue Animation (Crew Member)		4.5	Production
		Continue Previous Production Work		4.5	Production/ Individual Instruction
		Troubleshooting Projects		(2)	Individualized Instruction
9	10-24-15	Introduction: Video for the Web		, ,	Presentation
		Overview Video Editing			Instruction
		Windows Movie Maker and Adobe Premiere	Video Editing	1.5	Online Exercise
		Continue Previous Production Work			Production/ Individual Instruction
10	10-31-15	Introduction: Video Editing Software			Instruction
		Premiere and Director MX Optional Day: Open Lab	Handling Video in Director vs Premiere	1.5	Online Exercise Production
		Project Mid-Semester Critiques			Discussion
		Troubleshooting Projects		(4)	Individualized Instruction
11	11-7-15	Introduction: Timing and Adding Edited Soundtrack		, ,	Instruction
		Director MX	Handling Sound in Director vs Flash	1.5	Online Exercise
		Adobe Flash: Queue Point Method (D. Stiller)		2	Instruction/ Exercise
		Senior Life Lessons: Soundtrack (Crew Member)		(3)	Production
		Student Life Lessons: Soundtrack		3	Production
12	11-14-15	Continue Previous Production Work Introduction: Optimizing Bitmap Images for Web/Mobile	Adobe Optimization Docs		Production/ Individual Instruction Instruction
12	11-14-13	Cross Platform Size Considerations	Adobe Optimization Docs		Instruction
		Scaling vs. Responsive Development			
		Senior Life Lessons: Optimizing Bitmaps (Crew Member)			Instruction
				(2)	Production
		Student Life Lessons: Optimizing Bitmaps		(2)	
13	11-21-15	Student Life Lessons: Optimizing Bitmaps Introduction: Optimizing Audio for Web/Mobile		. ,	Production Production Instruction
13	11-21-15	Student Life Lessons: Optimizing Bitmaps Introduction: Optimizing Audio for Web/Mobile Continue Previous Production Work		2	Production Production Instruction Production/ Individual Instruction
